**EXECUTIVE SAMPLE**

# Capital, partners and capacity

**ESTABLISHED COMPANIES**

## Duotech

Duotech reported its August 6 opening of a 25,000-SF electronics-sustainment facility. Test a qualified repair/remanufacturing proposal against an internal build or replacement. Customer-specific qualification and spare capacity remain unverified; watch supported parts, turnaround and actual capacity commitments.

[16] Duotech facility opening / Aug 10, 2026; opening Aug 6

---

**EMERGING COMPANIES**

## PDW

PDW announced a conditional loan commitment up to \$820 million from the federal Office of Strategic Capital on July 31. Investigate the capital source and monitor which component capabilities PDW plans to bring in-house. Closing, loan terms and incremental Huntsville site allocation remain unverified.

[2] PDW conditional financing announcement / July 31, 2026

---

**REDSTONE IMPLEMENTATION**

## Space Command

Space Command reported permanent J2 personnel moves in April and control of its first dedicated Redstone facility. Qualify the mission requirement and place of performance before adding nearby space. Incremental commercial demand remains unconfirmed; watch Huntsville-specific support solicitations.

[30] USSPACECOM personnel relocation / Apr 15, 2026

[31] USSPACECOM facility control / Apr 29, 2026

---

## Apply this to one live decision

An expansion deadline, supplier capacity, a financing route or a new partner: the full brief separates Established Companies and Emerging Companies, with ten consolidated profiles, property evidence, capital sources and the next facts to verify.
